

BASTUBELYSNING E28

Endast för privat bruk

SAUNA LIGHT E28

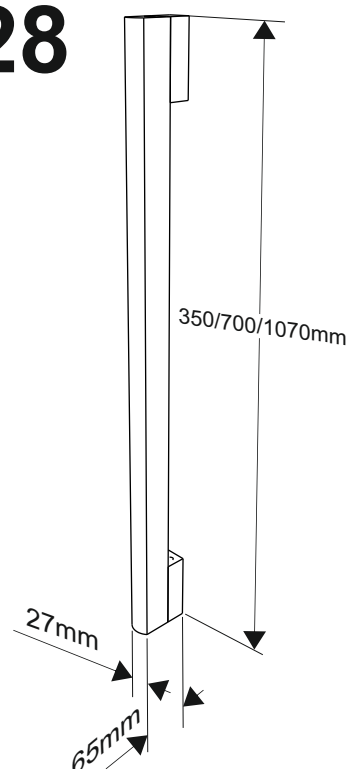

Only for private use

Kom ihåg!

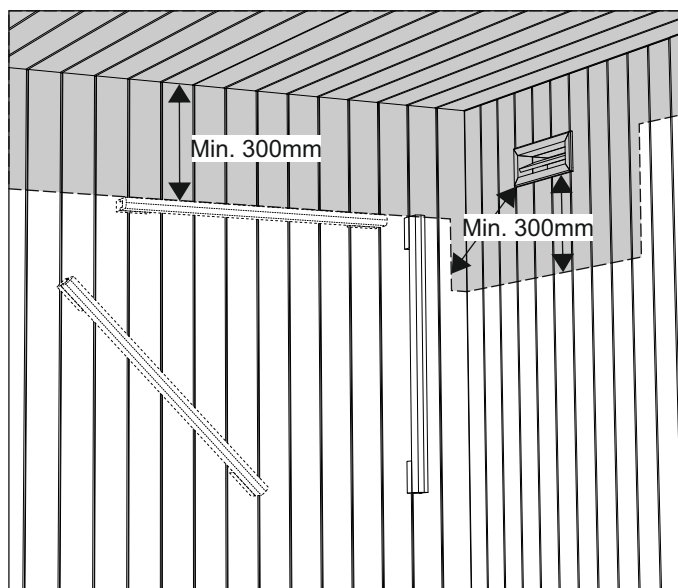

Vid installation eller byte av LED produkter får under inga omständigheter transformatorerna vara anslutna till strömkällan. Detta för att undvika att LED dioden förstörs.

Remember!

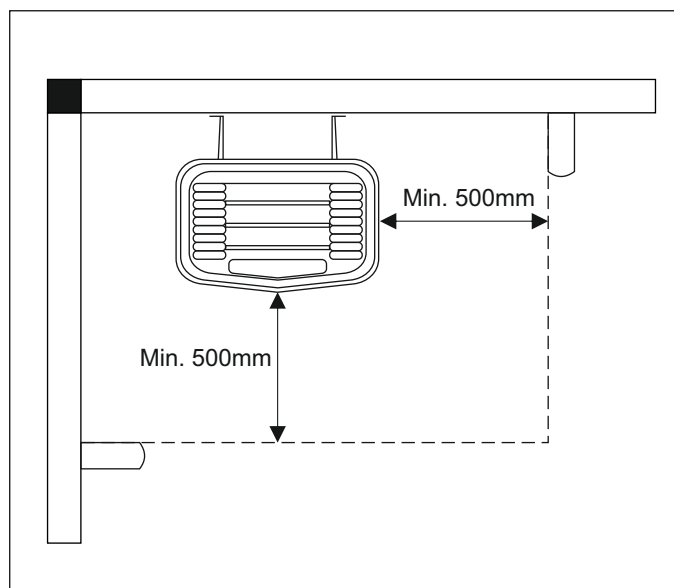

When installing or replacing the LED products should under no circumstances transformers be connected to the power source. This is to prevent the LED diode from being destroyed.

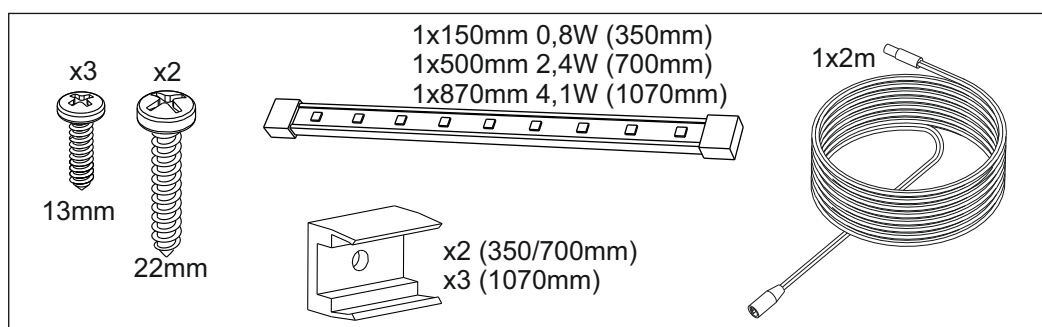

Säkerhetsavstånd / Safety distance
